TO:
Robert Scholz
Chief Legal Counsel
Office of Governor Larry Hogan

FROM:
Kathleen Matthews
Chair
Maryland Democratic Party

SUBJECT: PIA Request

Dear Mr. Scholz,

Please accept the following public records request as allowed under Maryland state law. I am requesting:

- All communications between Gov. Larry Hogan/members of the Hogan administration and officials for and representatives of HNTB Corporation since 8/1/2017.
- Calendar events for all meetings held by Gov. Larry Hogan/members of the Hogan administration and officials for and representatives of HNTB Corporation, including any lobbyists since 8/1/2017.
- Any notes, minutes, or other documents produced pertaining to those meetings.

Marylanders deserve a full accounting of why and how the Hogan administration decided behind closed doors to award a nearly \$70 million contract to a corporation that gave thousands of dollars to Gov. Hogan's re-election campaign and formerly employed the administration's transportation secretary.

The Hogan administration has made clear that they are not willing to live up to Gov. Hogan's promises of transparency and accountability unless forced to by Maryland law under the Public Information Act process.

As these documents are clearly in the public interest and for the benefit of Marylanders, the Hogan administration should release them without delay.

Please notify me if there will be a cost associated with these documents, and I look forward to hearing when they will be made available to the public.

Sincerely,

Kathleen Matthews

Kathleen Matthews

Chair
Maryland Democratic Party

Paid for by the Maryland Democratic Party, Robert J. Kresslein, Treasurer
