Hi Dylan,

If you are interested, please complete the volunteer form and travel by their car to several sites in the county or a few counties in the state. Please let us know which area you would like to focus on. More rural areas. You must have your own car.

2. Poll monitors are located outside the voting site and watch for people or actions that could impact the integrity of the election. They can make observations and report on their findings.

2. Election information tables are located inside the voting site and can answer questions from voters and help with any issues that arise. They are there to ensure a smooth and efficient voting process.

You do not have to be an attorney, but you do need a cell phone to access the election system. You will need to check in with a chair who will give you your badge and equipment. You will then be assigned to a specific location or job.

The election process is a pillar of the American experiment that is democracy. Without a free and fair election, the idea of democracy erodes. Everyone should have a chance to vote. The election process is a way for people to be heard and have their voices heard. The election process is a way for people to be heard and have their voices heard. The election process is a way for people to be heard and have their voices heard.

When confusion, misinformation and tension can lead to negative things. The judge's ruling, despite vetoing our efforts to ensure a fair and timely election process, was overturned by the Board of Elections. Of course, Governor Hogan vetoed legislation that would've allowed us to count ballots in a timely manner, rather than days after the election. There was no reason why we couldn't have counted the ballots in a timely manner, rather than days after the election. And in his usual manner, he took a victory lap after the judge's ruling, despite vetoing our efforts to ensure a fair and timely election process.
