

Chair Check-In

Hi Dylan,

Happy Monday Dems!

We're down to single digits in the countdown to Election Day, can you believe it? All the hard work, all the strategizing, the door-knocking, the phone-calling has led to this next week, I've been so proud of the relentless energy you all have carried yourselves with, and I have no doubt you'll finish the job. I know I can speak for myself, but also the whole ticket when I say that each of you have made us proud. Our state is better today than it was a few months ago because of you. And it'll be even better on November 8. But the work doesn't stop there. Let's be clear that November 8 isn't a finish line. It's the starting point. November 9 and every day after that is when the real work begins. The work to usher in this new era of Maryland. An era where no matter what your zip code is, no matter what your family background or financial status is, you'll have a prominent seat at the table. You'll have a voice in determining the next decade for Maryland. And let me tell you - it's going to be a really good decade. This is not a moment, it's a movement. And I couldn't be more proud to be here next to each of you for it.

Your hard work and the historical ticket that we're voting into office is getting noticed. President Biden will be here for a third time next week and Vice President Harris was here this weekend. Why? Because they know that Maryland delivers. We lead. We're a beacon for the rest of the states to emulate.

Let me address a video that surfaced this weekend of an official on the other side who was telling GOP voters that they needed to vote late in the day on November 8 to clog up the lines in an effort to undermine the voting system. They're already planting seeds to claim fraud or question election integrity. That's the only play left in their miserable playbook. You have NO policies and NO solutions when your only strategy is telling people to stall in line. It's beyond pathetic. They can delay. But they CANNOT deny.

The journey to a more perfect union is a never ending one so we must continue to work together with relentless energy and passion. Because we don't want to just win. We want a landslide. We want a mandate. And we're going to have it.

I know some voters ask about turnout or complacency. Some think we have this wrapped up and should just take the month off. Not A. Chance. Elections aren't won with registration numbers, they're won with votes. We haven't won anything. The only poll that matters is on November 8. Our team is working. Our organizers and volunteers are relentlessly hitting doors and calling voters. Our mail-in ballot numbers are exceeding expectations. We have a story to tell and it resonates with voters.

And on November 8, we can all embrace the moment and the history that is being made when it's announced that we've won all the way up and down the ballot. I can't wait to celebrate that moment with you. Let's make it a reality. Seven days and a wake-up to go, let's work.

In Unity & Solidarity,
Yvette Lewis

[VOTER PROTECTION VOLUNTEERS NEEDED!](#)

The Maryland Democratic Party, working with county central committees, is seeking volunteers to assist with the voter protection program on election day and during the early vote period.

Early voting is October 27th - November 3rd. Election day is November 8th.

You do not have to be an attorney, but you do need a cell phone to access the Internet. Some counties have three shifts on starting at 6:45 AM and run throughout the day, others have two. Individual DCCs make that decision. You must attend a (virtual) training session before receiving an assignment and volunteering.

There are four roles:

- Poll Watchers** are located inside the polling location and observe interactions with election judges and voters. You are the eyes and ears for the Party at the locations and watch for, and report slow lines or other problems.
- Poll Monitors** are located outside the voting site and watch for people or actions that cause disruption or are intended to intimidate voters.
- Rovers** travel by car to several sites in the county or a few counties in the more rural areas. You must have your own vehicle.
- Visibility** passes out Democratic literature and urges people to vote for Democrats.
